The Board of Directors as of 31 December 2010

The Board of CDON Group AB comprises eight board members. The members of the Board are Hans-Holger Albrecht, Mia Brunell Livfors, Mengmeng Du, Lars-Johan Jarnheimer, Anders Nilsson, Lars Nilsson, Henrik Persson, and Florian Seubert. Biographical information on the board members is in the "Board of Directors" section of this annual report.

Responsibilities and duties of the Board

The Board is charged with providing effective support for and control of the activities of executive management. The Board has adopted working procedures for its internal activities that include rules pertaining to the number of board meetings to be held, the matters to be handled at such regular board meetings, and the duties of the chairman. The work of the Board is also governed by rules and regulations, including the Companies Act, Articles of Association, and the Code.

In order to carry out its work more effectively, the Board has appointed a Remuneration Committee and an Audit Committee with special tasks. These committees handle business within their respective areas and present recommendations and reports on which the Board may base its decisions and actions. However, all members of the Board have the same responsibility for decisions made and actions taken, irrespective of whether issues have been reviewed by such committees or not.

The Board has also adopted procedures for instructions and mandates to the CEO. These procedures require that investments in non-current assets of more than SEK 1,000,000 have to be approved by the Board. The Board must also approve major transactions, including acquisitions and closures or divestments of businesses. The Board has also issued written instructions specifying when and how information that is required for the Board to evaluate the Group's and its subsidiaries' financial positions should be reported.

The CDON Group's board composition during the year has fulfilled the requirements of NASDAQ OMX Stockholm AB and the Code on the independence of board members. This means that the majority of board members appointed by the AGM are independent in relation to the company and its management. At least two of these members are also independent in relation to the company's major shareholders.

Rules of procedure for the Board

Remuneration Committee

The Remuneration Committee comprises Mia Brunell Livfors as chairman, Hans-Holger Albrecht, and Lars-Johan Jarnheimer.

The Board commissions the work of the Remuneration Committee. The responsibilities of the Remuneration Committee include issues related to salaries, pension plans, bonus programmes, and the employment terms for the CEO and executive management within the CDON Group. The committee also advises the Board on long-term incentive schemes.

The Code states that the members of the committee are to be independent of the Company and its executive management with the exception of the Chairman of the Board who may chair the committee regardless of whether this criteria is met or not. Mia Brunell Livfors and Hans-Holger Albrecht are not independent of the company and its management due to their respective roles as member of the Board and CEO of Modern Times Group MTG AB (the former owner of CDON), which is a significant supplier of marketing services to CDON and the holder of a convertible in CDON, as well as a company in which Investment AB Kinnevik holds more than 10 per cent of shares. As CEO for Investment AB Kinnevik, Mia represents shareholders who own more than 10 per cent of shares in CDON. The Company therefore deviates from the Code in this respect. The reason for the deviation is that both Mia Brunell Livfors and Hans-Holger Albrecht have significant experience in establishing and defining remuneration principles in listed companies, thereby providing the committee with the appropriate expertise.

Audit Committee

The Audit Committee comprises Lars Nilsson as chairman, Anders Nilsson, and Florian Seubert.

The Audit Committee's responsibilities are to (i) monitor the company's financial reporting; (ii) in respect of the financial reporting, monitor the efficiency of the company's internal controls, internal audits, and risk management; (iii) stay informed on the audit of the annual report and consolidated accounts; (iv) review and monitor the impartiality and independence of the auditor, and therewith, paying special attention to whether the auditor provides the company with services other than auditing services; and (v) assist with preparation of proposals to the AGM's resolution on election of an auditor. The Audit Committee focuses on evaluating quality and accuracy in financial reporting, changes in accounting policies when applicable, internal controls, risk assessment, qualifications and independence of the auditors, adherence to prevailing rules and regulations, and, where applicable, transactions with related parties.

Remuneration to board members

The fixed remuneration for the Board for the period until the close of the 2011 AGM is in total SEK 3,100,000, of which SEK 600,000 is allocated to the Chairman of the Board, SEK 300,000 to each board member, and a total of SEK 400,000 as remuneration for work in board committees.

The remuneration of the board members will, as of 2011, be proposed by the Nomination Committee, comprising the Company's largest shareholders and approved by the AGM. The Nomination Committee proposal is based on benchmarking of peer group company compensation and company size.

External auditors

The Company's auditor was elected by the 2009 AGM for a period of three years. KPMG was elected as the CDON Group's auditor and has been the external auditor since 1997. George Pettersson, certified public accountant, is responsible for the audit of the Company on behalf of KPMG as of 2010. An auditor will be elected at the 2012 AGM.

The auditor reports its findings to the shareholders by means of the auditors' report, which is presented to the AGM. In addition, the auditor reports detailed findings at each of the ordinary meetings of the Audit Committee and to the full board once a year, and annually provide written assurance of their impartiality and independence to the Audit Committee.

KPMG provided certain additional services in 2009 and 2010. These services comprised consultation on bookkeeping issues and other audit-related assignments.

There is an operational board for each of the segments. The CEO chairs the operational board meetings, which are attended by the executive management of the relevant business segments and the CFO.

Remuneration to executive management

Guidelines for executive remuneration were approved at the Extraordinary General Meeting on 24 September 2010 as follows.

Remuneration guidelines

The objective of the guidelines is to ensure that the CDON Group can attract, motivate, and retain senior executives within the context of the CDON Group's peer group, which consists of Nordic online and offline retailing companies. Remuneration is based on conditions that are market competitive and at the same time aligned with shareholders' interests. Remuneration to executives consist of a fixed and variable salary, possible participation in long-term incentive programmes and pension schemes. These components create a well-balanced remuneration reflecting individual performance and responsibility, both short-term and long-term, as well as the CDON Group's overall performance.

Fixed salary

The executives' fixed salary shall be competitive and based on the individual executive's responsibilities and performance.

Variable salary

The executives may receive variable remuneration in addition to fixed salaries. The contracted variable remuneration will generally not exceed a maximum of 50 per cent of the fixed annual salary. The variable remuneration shall be based on the performance of executives in relation to established goals and targets.

Other benefits

The CDON Group provides other benefits to executives in accordance with local practice. Other benefits can include, for example, a company car and company health care. Occasionally, housing allowances may be granted for a limited period.

Pension

Executives are entitled to pension commitments based on those that are customary in the country in which they are employed. Pension commitments will be secured through premiums paid to insurance companies.

Notice of termination and severance pay

The maximum notice period in any executive's contract is 12 months, during which time salary payment will continue. The Company does not generally allow any additional contractual severance payments.

Deviations from the guidelines

In special circumstances, the Board may deviate from these guidelines, for example, additional variable remuneration in the case of exceptional performance. In such a case the Board must explain the reason for the deviation at the following AGM.

Remuneration to senior executives is described in Note 23 of this annual report.

Internal control of financial reporting

The processes for internal control, risk assessment, control activities, and monitoring regarding financial reporting are designed to ensure reliable overall and external financial reporting in accordance with International Financial Reporting Standards, applicable laws, regulations, and other requirements for listed companies on the Nasdaq OMX Stockholm exchange. This process involves the Board, executive management, and other personnel.

Control environment

In addition to the Board's rules of procedure and instructions to the CEO and Board committees, there is a clear division of roles and responsibilities for effective management of operational risks. The Board also has a number of established basic guidelines, which are important for its work with internal control activities. This includes control and follow-up of results as compared to plans and prior years. The Audit Committee assists the Board in overseeing various issues such as internal audit and accounting policies adopted by the Group. The responsibility for maintaining an effective control environment and internal control over financial reporting is delegated to the CEO. Other executive managers at various levels have respective responsibilities. The executive management regularly reports to the Board according to established routines and in addition to the Audit Committee's reports. Defined responsibilities, instructions, guidelines, manuals, and policies, together with laws and regulations, form the control environment. All employees are accountable for compliance with these guidelines.

Risk assessment and control activities

The Company has prepared a model for assessing risks in all areas in which a number of items are identified and measured. These risks are reviewed regularly by the Board and the Audit Committee, and include both the risk of losing assets as well as irregularities and fraud. Designing control activities is of particular importance to enable the Company to prevent and identify shortcomings. The important areas are purchase, logistics, and inventory processes, technical development and performance of the web platform, as well as general IT-security. Assessing and controlling risks also involves the operational boards in each business area, where meetings are held at least four times a year. The CEO, business area managers, and the CFO participate in the meetings. Minutes are kept for these meetings. The operational boards are further described under the Executive Management heading.

Information and communication

Important guidelines, manuals, and the like that are significant to the financial reporting are regularly updated and distributed to the employees concerned. There are formal as well as informal information channels to the executive management and Board for information from employees that is considered significant. Guidelines for external communication ensure that the Company applies the highest standards for providing accurate information to the financial market. In 2005, MTG established an annual procedure that is followed by the CDON Group for senior

management to give their opinions on the quality of the financial reporting, disclosures, procedures, and compliance with internal and external guidelines and regulations.

Follow-up

The Board continuously evaluates the information submitted by company management and the Audit Committee. The Board receives regular updates of the Group's development between the meetings. The Group's financial position, strategies, and investments are discussed at every board meeting. The Audit Committee reviews the quarterly reports prior to publication. The Audit Committee is also responsible for following up internal control activities. This work includes ensuring that measures are taken to deal with any discrepancies and proposed measures emerging from the internal and external audits.

The Company has an independent internal audit function responsible for the evaluation of risk management and internal control activities. Internal auditing is performed by a third party, whose work includes scrutinising the application of established routines and guidelines. The internal audit function plans its work in cooperation with the Audit Committee and reports the results of its reviews to the Audit Committee. The external auditors report to the Audit Committee at each ordinary meeting of the committee.
