- Strategy review initiated, as well as a review of operational structure. To be completed by year-end
- Qliro Group will review and define new operational and financial targets
- Current target is to grow with or above that of the market for each segment

- Qliro Financial Services earnings expectations unchanged
- During 2016, we expect the same seasonality pattern as in 2015, which means that the result within Qliro Financial Services is expected to gradually improve
